Linda,

Below is additional information from Tom Madsen on the Rep. Kilmer Clallam/Jefferson Field Representative site visit on Monday. I've left a vm for Mr. Madsen about your attendance and expect to hear back from him tomorrow.

I have also talked to USFWS who was the federal permit sponsor for the restoration site. They are supposed to get back to me about whether they want to join the site visit.

Brenda

Hello Judith,

Monday at 9:15 will be great. We could meet at the WDFW site that is just towards Port Angeles from the Trains. I will also contact the Jefferson Land Trust and see if they will allow us permission to look at Snow Creek and the proposed dredging.

Boots would be a good idea.

I have asked Bill Robertson (Closed Systems Adviser) to be there and will forward this to my Attorney (Jill Smith) as she has expressed an interest in attending.

Again, thank you for your interest and prompt response. Sorry about my slow response, I am not in the office much.

Sincerely

Tom

Hi Tom,

As promised I checked both my schedule and the tide chart to see when might be a good time to come visit your property. I think Monday, August 1, offers the best option. I see there is a -1.4 tide at 9:15AM at Discovery Bay. Does that agree with what you know. If so, will that work for you? I could meet you if you let me know where (the train?). Thanks, and I look forward to hearing from you.

Judith
